RELEVANT EXPERIENCE

PayPal San Jose, CA

Software Engineer Intern

May-August 2015

With the Next-Gen Commerce team, I worked closely with leadership in a lean, fast-paced environment to integrate with high-profile partners and prototype next-gen products, using technologies such as Node.js, AngularJS, and Backbone.js.

OThot Pittsburgh, PA

Software Developer

December 2014-present

As a part-time software developer with the budding big-data startup, I prototyped the frontend data-visualization MVP and developed the foundation for the long-term product, using such technologies as: Node.js, AngularJS, D3, and jQuery.
